WORK EXPERIENCE

SHREE SATHYA SUBHA HOSPITAL **Apr 2025 – Present**
Physiotherapist

- Assess inpatients and outpatients and design individualised, clinically reasoned physiotherapy treatment plans.
- Deliver post-operative rehabilitation for orthopaedic and surgical patients to restore mobility and independence.
- Provide pain management using IFT, TENS, ultrasound and manual therapy techniques.
- Coordinate with doctors, nurses and the wider care team to plan safe discharge and continuity of care.
- Educate patients and caregivers on home exercise programmes, posture and fall prevention.
- Maintain accurate treatment records and track patient progress against rehabilitation goals.

SASHVIN PHYSIO SPINE AND SPORTS REHAB CENTRE, TRICHY **2023 – Mar 2025**
Senior Physiotherapist (promoted from Junior Physiotherapist)

- Performed comprehensive patient assessments and formulated effective, clinically reasoned treatment plans.
- Performed electrical stimulation, ultrasound, cryotherapy, matrix therapy, myofascial release and spot massage to improve patient movement and function.
- Enhanced patient well-being with manual therapy techniques for pain management and injury prevention.
- Utilised evidence-based practices in physiotherapy interventions, ensuring optimal outcomes for clients.
- Evaluated need for mobility aids and rehabilitative equipment, and remained involved in aftercare and follow-up for each client.
- Educated patients on proper body mechanics, posture and ergonomics to prevent future injuries.
- Assisted in developing rehabilitation programmes tailored to the specific needs of each patient.
- Collaborated with the physiotherapy team on the development and implementation of departmental policies, upholding strong work ethics.
- Promoted a positive clinic environment through effective communication and empathy towards patients' needs, and contributed to staff meetings by sharing clinical insights.

EDUCATION

Bachelor of Physiotherapy **2021**
Dr. M.G.R. Medical University, Tamil Nadu
